

THIRD PRECINCT NAMES BRADFORD

University of Utah Instructor
Candidate for Member of
Board of Education.

CONTEST IS SPIRITED

Four-Cornered Fight Results in Se-
lection of Teacher on the
Third Ballot.

In a spirited four-cornered fight at a non-partisan mass meeting of the voters of the Third precinct held in the high school gymnasium last night, Robert H. Bradford of the University of Utah was elected on the third ballot as candidate to succeed W. J. Newman as member of the city board of education. His campaign committee will be composed of the three party chairmen of that precinct.

Two hundred and eighty-three voters were present at the meeting to support the candidates of the four factions. By unanimous vote, Oscar Moyle was chosen chairman of the meeting and Ben R. Hollingsworth, secretary, which were the only votes taken without dissenting committee in the business of the evening.

By a motion carried in by a majority of those present, a majority of all votes cast was required to elect the candidate. Nominating speeches were limited to three minutes. The first name placed in nomination was that of Mrs. Alice Merrill Horne, followed by the names of W. J. Newman, the present incumbent, G. S. Backman and R. H. Bradford.

The first ballot showed W. J. Newman in the lead with 167 votes; Bradford second, with seventy-six votes; Backman third, with sixty-four votes, and Mrs. Horne fourth, with thirty-five votes.

Bradford Gains.
On the second ballot Bradford's supporters were materially increased by votes sacrificed by the supporters of Mrs. Horne and Mr. Backman, though Mr. Newman maintained the lead, with a gain of two votes over the first ballot. The second ballot stood: Newman, 169; Bradford, 101; Backman, 47, and Mrs. Horne, 24.

Following the second ballot Mrs. Horne withdrew her name from the list of candidates in favor of no particular candidate, asking only that the voters exercise their judgment for the best interests and those of their children. Her withdrawal was followed by that of Mr. Backman, narrowing the fight down to the two leading candidates.

On the third and last ballot the votes of the withdrawing candidates were thrown to the support of Professor Bradford, the final result showing a gain of but one vote for Newman over the first ballot, or a loss of one vote under the second ballot. The final vote proved Professor Bradford the winner with 167 votes, against 108 votes for Newman. The announcement was received with applause.

BLANKET THIEF SENTENCED.

James O'Brien was sentenced to sixty days in the city jail by Judge J. H. Whitaker yesterday afternoon after he had been found guilty of the larceny of five woolen blankets from D. D. Davis, who conducts a rooming house at 65 South West Temple street.

NEW CHOLERA CASES.

Rome, Dec. 1.—One death was officially reported from the cholera infected districts and eight new cases.

EAGLE PASS FREE FROM WAR CLOUD

Encouraging News Received
as to Conditions in State
of Coahuila, Mexico.

Homeseekers in Utah and adjoining states, contemplating taking up lands in the state of Coahuila, in Mexico, under the present liberal terms of the Mexican government, and whose fears have been aroused over the revolutions and uprisings in various parts of the republic, will have their fears put at ease by the contents of a telegram, just received from Eagle Pass, in the vicinity of Ciudad Portillo Diaz, by H. S. Tanner of this city.

The message is sent by A. Garza Galon, secretary of the state of Coahuila, and owner of extensive mining interests in Mexico, and states that the reports that revolutions were taking place in the state were unfounded and would not interfere with the colonization projects in that district. The telegram stated that there had been some trouble in other parts of the state, but absolutely none in the vicinity of Eagle Pass.

Mr. Tanner, who has secured some agricultural land in this state, said yesterday that from four to eight families from the intermountain states and Canada were leaving each week for the state of Coahuila, which borders on the Texas line. "This migration," said Mr. Tanner, "will not be felt in any particular part of the United States or Canada, the movement being general, to take advantage of the opportunity provided by the Mexican government for taking up land under more liberal and broader terms than are granted in either the United States or Canadian governments."

Land Reclaimed.

"The government of Mexico saw the wisdom of the move for arid land reclamation in the United States and immediately attempted to parallel the same in its own country," said a representative of the government, who is carrying to completion any legitimate projects for the reclamation of their arid lands, making the agricultural and horticultural lands in the republic of Mexico as potent and profitable as in the United States. For that reason they are stimulating colonization and home building in the hopes of educating their own people in the development of their neglected resources. The land is sold to the settler for \$40 an acre, payable in ten instalments, the first to be made at the time of entry and the remainder during the nine succeeding years. No limit is made on the amount of land that can be taken up, the government allowing the settlers to buy as much as they can care for.

"With the government's appropriation, the lands are all cleared of brush, broken and water for irrigation purposes provided, as well as farmed for at least the year before they are taken over by the settlers, so that all of the hardships usually encountered in frontiering are overcome. Of a total of 87,000 acres, 20,000 have already been improved, a great part of which has already been turned over to colonists. Title to land and water is given by the government at the time of the last payment. By this arrangement there is no added cost for irrigation, as in the case with other projects, an ample water right being included with the sale of the land."

RATE WAR SPECTER EFFECTUALLY LAD

Railroads Agree Upon Pas-
senger Tariff Between New
York and Chicago.

Chicago, Dec. 1.—First class passenger fare between Chicago and New York over the Michigan Central and the Panhandle routes will be \$20, after January 15, according to advice received here late today subsequent to a secret meeting in New York between representatives of these roads and of the Erie, Wabash and Grand Trunk. This lays to rest the specter of a rate war between these roads.

This action by the two routes, which heretofore have enjoyed a differential rate of \$19 for the Michigan Central and \$18 for the Panhandle, followed open threats of another rate war, instigated by the Erie, Wabash and Grand Trunk, such as the Erie used two years ago to straighten out the complicated emigrant rate situation.

"Specifically," said an official of one of the roads involved, "the Michigan Central and Panhandle were entitled to the privilege of lower fares in our opinion so long as their service was curtailed by force. When their service was as efficient as the roads charging \$20, the three so-called 'insurgents' claimed they ought to have the added inducement of low fare removed. This, the telegrams say, was agreed to. It merely removes what we claimed was an unfair advantage. Today's action means there will be no rate war."

New York, Dec. 1.—Final action on New York to Chicago passenger rates was taken today by the roads interested at a conference in the rooms of the Erie, Wabash and Grand Trunk. The Erie, Wabash and Grand Trunk, a rate war would be declared.

The threat was not only frank but specific, and presaged a cut more extreme than outlined in Chicago dispatches. According to information here, the threatened cut rate on first class passenger traffic to Chicago was as low as \$16. In addition, the rate to Boston was to be cut and new tariffs were to be filed forthwith, unless an adjustment was reached.

INAUGURATION OF DIAZ AND CORRAL

relations. Each was asked, however, to retain his portfolio.

Members of Cabinet.

Following is the cabinet as re-appointed:
Minister of foreign relations—Enrique C. Cuel.
Minister of justice—Justino Fernandez.
Minister of public instruction and arts—Justo Selra.
Minister of fomento—Olegario Molina.
Minister of communications and public works—Leandro Fernandez.
Minister of war and marine—General Manuel Gonzalez Coscio.

The inauguration ceremonies occurred in the temporary quarters of the chamber of deputies in the palace. The hall was undecorated, plain and austere, the only emblem visible being a bronze coat of arms suspended on the wall back of the speaker's table. Along the sides of the hall were seated the senators and deputies. At the rear sat a few specially invited guests, and above these in a balcony were the diplomatic representatives.

Inauguration Scene.
At 10:10 o'clock President Diaz entered the hall. He was clad in black, without decoration of any character. As he strode quietly up the aisle accom-

Stops a Cough in Five Minutes by the Clock.

Does This Harmless Home-Made Cough Syrup.

MAKE A PINT CHEAP.

Here is told how to make a home-made pint of cough syrup cheaply, which has been known to stop a cough in five minutes by the clock. It relieves quickly and certainly brings about a cure, by its tonic laxative action, and therefore is superior to ordinary preparations, which only relieve, and then aggravate by their constipating effects.

One dose is not laxative, but 8 to 10 doses daily create a mild laxative action, and it is said that you can feel the medicine working on the lungs, throat and bronchial tubes, giving a grand feeling of freshness and strength to the entire system.

Anyone can make a full pint very cheaply. Obtain of your druggist or have him order from the wholesale house, a 24-ounce package of essence mentho-laxene. Empty it into a pint bottle and fill the bottle with a home-made syrup composed of one pint of granulated sugar and a half pint of boiling water. When the syrup is cool add it to the mentho-laxene.

The dose is a teaspoonful 8 to 10 times daily or as required. Give children less according to age. It is perfectly harmless. This is a pleasant tasting and quick acting remedy, liked by all who have tried it.

New Sea Coast Patrol.

As an additional safeguard to shipping along the Atlantic coast this winter, the government has assigned ten fast revenue cutters to patrol the coast. This watch will extend from Maine to Florida. Last year several cutters were sent out to ships in distress and their success was so great that the work will now be completely organized. During the storms of last

Marine Engineering Problems.

At the meeting of the naval architects and marine engineers held this week in New York many interesting problems connected with New York harbor and shipping in general have been discussed. It has been pointed out that at present over 500,000 passengers leave New York by water for southern and eastern points every year, irrespective of the great tide of European travel. It is expected that this number will be greatly increased by the opening of the Panama canal and the Cape Cod ship canal.

It was generally agreed that the future of American commerce depended largely upon the canal now building or planned along the Atlantic seaboard, since the railroads are unable to handle the enormous traffic of the country and therefore look to the ships to relieve the pressure. That there is a growth in the volume of shipping is well illustrated by the recent announcement that the ships of the Hamburg-American line alone have just passed the 1,000,000-ton mark. New York is correct, 1,022,452 tons, which makes it the largest fleet in the world under one flag.

Who Should Join the Consolidated Music Co. Club?

You should, if you are ever going to buy a player-piano at all—and most people are. If you are thrifty and make it a point to always get the full worth of the money you spend. Young married people should, for they cannot invest so small a sum in any other way and get so much pleasure out of it. Young ladies who wish to learn the piano, but who through force of circumstances have to buy their own. This is the opportunity for which they have been waiting. Music teachers just beginning their musical career should join. This will help them more than anything else. Sunday schools, lodges, societies and clubs should arrange to share in the benefits and privileges of this club.

DULANEY BRIBERY CASE

Mississippi Planter Insists That He Did Not Buy the Election of Senator Percy.

Yazoo City, Miss., Dec. 1.—L. C. Dulaney, a wealthy planter and politician, today denounced his accusers and called the charge that he sought to bribe a member of the state senate to vote for Leroy Percy for United States senator as a "dirty black-hearted lie."

Dulaney was the last witness introduced by the defense in his trial, which has been in progress for ten days. "I was tendered money for Percy, Mr. Dulaney testified, by Mrs. Noll Lawrence, who has avowed that she acted as the 'go-between,' but he told her that votes would not be bought, adding that she was 'being made a fool of.' Two thousand dollars was the amount Mrs. Lawrence asked, according to Dulaney.

ROBBED BY ROOM MATE

Charles H. Perkins Minus \$40 and a Suit Case.
Charles H. Perkins, 433 South Second West street, reported to the police early this morning that his roommate, B. D. Thompson, had robbed him of \$40 and a suit case. When Perkins returned home he found a note on a dresser in which Thompson informed him that he could have his pay check in exchange for the \$40. Perkins was unable to find the pay check. The police were asked to watch railway stations.

Are You Deaf?

Catarrh Is Probably the Cause. Get Rid of the Cause

If you have catarrh and have constant ringing noises in your ears, look into the matter at once. It's a pretty sure sign that catarrh is spreading and is making its way through the Eustachian tubes that lead from the nose to the ears.

When catarrh gets to the ears partial deafness follows. If you have ringing noises in your ears go to Schramm-Johnson's, Drugs, five stores, today and get a HYOMEI outfit and drive out catarrh.

To cure catarrh HYOMEI should be breathed through a pocket inhaler for about three minutes, four or five times a day. Just pour a few drops into the hard rubber inhaler and breathe it for a few minutes. It kills the germs; soothes the irritation; heals the inflammation; stops hawking, spitting and snuffling. HYOMEI keeps the throat free from mucus and prevents crusts in nose. The complete HYOMEI outfit, which includes the little indestructible hard rubber inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00. Separate bottles of HYOMEI cost 50 cents at druggists everywhere, or at Schramm-Johnson's, Drugs, five stores, who sell it on money-back plan. Try it today for catarrh, coughs, colds or sore throat. Free trial bottle by addressing Booth's Hyomei Co., Buffalo, N. Y.
